<input type="checkbox"/> C110 – Signage & Graphics <input type="checkbox"/> C111 – Septic Systems <input type="checkbox"/> C112 – Stage Equipment <input type="checkbox"/> C113 – Underground Storage Tanks/Closure & Installation ^{*12} <input type="checkbox"/> C114 – Underground Storage Tanks/Installation ^{*13} <input type="checkbox"/> C115 – Underground Storage Tanks/Closure* <input type="checkbox"/> C116 – UST/Tank Testing <input type="checkbox"/> C117 – Underground Storage Tanks/Corrosion Protection Systems Analysis* <input type="checkbox"/> C118 – Above Ground Storage Tanks <input type="checkbox"/> C119 – Site Remediation* <input type="checkbox"/> C120 – Inside Plant Cable ¹⁴ <input type="checkbox"/> C121 – Outside Plant Cable ¹⁴ <input type="checkbox"/> C122 – Fiber Installation & Splicing ¹⁴
---	--	---	---

* - Trades denoted by an asterisk require copies of licenses and/or applicable certifications or permits as described on Form 1.

1 – A contractor classified in trade C006 shall also be classified for trade C008. See note 2.

2 – A contractor classified in trade C008 shall also be deemed classified for the following trades: C009, C010, C011, C012, C013, C014, C015, C016, C017, C018, C019, C022, C026, C054, C055, C057, C059, C062, C073, C077, C080, C089, C090, C097, C104, C105, C106, C107. A contractor classified in trade C008 shall also be eligible to bid on contracts including the following specialty trades, but shall be required to engage a subcontractor who is classified in the specialty trades listed: C020, C021, C060, C061, C066, C067, C068, C069, C070, C071, C072, C076, C091, C099.

3 – A contractor classified in trade C009 shall also be deemed classified for the following trades: C010, C011, C012, C013, C014, C015, C016, C017, C018, C019, C020, C022, C054, C057, C059, C073, C077, C080, C089. A contractor classified in trade C009 shall also be eligible to bid on contracts including the following specialty trades, but shall be required to engage a subcontractor who is classified in the specialty trades listed: C021, C026, C034, C066, C067, C068, C069, C070, C071, C072, C076, C091, C099.

4 – “Demolition” is defined as being the demolition of buildings only. Selective demolition is not included in this trade. Proof of demolition equipment is required.

5 – “Historical” trade requests must be accompanied by proof that the specific project locations as listed on Form 4 are listed on a historic register. Historical districts are not acceptable. A contractor classified in trade C024 shall also be eligible to bid on contracts in the following specialty trades, but shall be required to engage a subcontractor who is classified in the specialty trades listed: C066, C067, C068, C069, C070, C071, C072, C075, C076.

6 – Proof of steel fabrication equipment is required. If the company leases a fabrication facility, leasing agreements are required. A contractor classified in trade C029 shall also be deemed classified for trade C028.

7 – A contractor classified in trade C030 shall also be deemed classified in trade C041. A contractor classified in trade C030 shall also be eligible to bid on contracts including the following specialty trades, but shall be required to engage a subcontractor who is classified in the specialty trades listed: C055, C056, C058, C062, C104.

8 – A contractor classified in trade C032 shall also be deemed classified for the following trades: C031, C033, C041, C042, C046, C109. A contractor classified in trade C032 shall also be eligible to bid on contracts including the following specialty trades, but shall be required to engage a subcontractor who is classified in the specialty trades listed: C043, C090.

9 – A contractor classified in trade C047 shall also be deemed classified for the following trades: C048, C049, C050. A contractor classified in trade C047 shall also be eligible to bid on contracts in the following specialty trades, but shall be required to engage a subcontractor who is classified in the specialty trades listed: C043.

10 – A contractor classified in trade C058 shall also be deemed classified in trade C111.

11 – A contractor classified in trade C092 shall also be deemed classified for trade C093.

12 – A contractor classified in trade C113 shall also be deemed classified for the following trades: C114, C115, C118.

13 – A contractor classified in trade C114 shall also be deemed classified for the trade C118.

14 – Please attach the applicable addendum along with all requested documentation and send as a separate document along with this application.
